Naomi Bolton	-	Town Administrator
Tim Redmond	-	Director of Public Works
Mark Willis	-	Principal, Weare Middle School
Charles Meany	-	Code Enforcement Officer
Jillian Harris	-	SNHPC

MINUTES

The Weare Hazard Mitigation Committee approved the minutes of the April 20, 2011 Weare Hazard Mitigation Committee meeting with revisions.

REVIEW PAST AND POTENTIAL HAZARDS DRAFT

The Weare Hazard Mitigation Committee (AHMC) reviewed the Past and Potential Hazards Draft which was sent via email to the committee in between meetings. Ms. Harris explained that she had just received Fire data this morning and would include it in that section after the meeting. There were no further revisions to the draft from the committee.

REVIEW GOALS AND OBJECTIVES

The Committee reviewed the Goals and Objectives section of the plan. The Goals were adapted from the State of New Hampshire Hazard Mitigation Plan 2004. Since the last plan was completed the State has updated their Hazard Mitigation Plan in 2007 and again in 2010 and Ms. Harris recommended updating the town goals by adapting the new set of goals from this 2010 State plan. The committee agreed to update to the 2010 State Hazard Mitigation Plan goals for the plan update.

MITIGATION STRATEGY

The Committee reviewed the Existing Mitigation Strategies section and updated programs and policies. The Committee also reviewed the matrix of Existing Mitigation Strategies and updated them as to their current status. Ms. Harris had a review of the

newly identified mitigation strategies on the agenda, but would like to move that discussion to the next meeting as it goes with the items on the next agenda well.

NEXT COMMITTEE MEETING

The committee will meet next on June 15, 2011 at 10:00 am in the Weare Safety Complex.

Meeting adjourned.
