

Weare Open Space Committee  
Minutes  
12-12-07  
+++++FINAL+++++

In attendance were: Ian McSweeney, Steve Najjar, John Ciampi, Pat Myers, George Malette, and Andrea Alderman.

*[This evenings open space meeting was held out of sync because of the upcoming holidays.]*

This meeting started at 6PM, and the members discussed the proposed warrant articles pertaining to Town owned land parcels which are being considered as town owned protected conservation land. Among the changes are in the 2<sup>nd</sup> non numbered draft warrant articles which strike the word “for” and changes it to “toward”. In the 3<sup>rd</sup> non numbered draft article, last line, strike “20 acres” and change it to “40 acres”. Also on this article add “lots 156 and 157”. Much of the discussion during this segment of the meeting pertained to these changes, their assessed values, continuity to other parcels, and size of parcels.

Chairman Najjar steered the remainder of this evening’s abbreviated meeting on reaffirming the game plan for this year’s warrant articles. Steve plans to meet with the BOS on Monday (12-17) to discuss these warrant articles, hoping for their support and informing them most of these properties considered for land protection are either land locked or unsuitable to build on for various reasons.

At this juncture of the meeting, Steve asked the meeting move into non public session. Andrea made motion to move into non public session @ 6:40 PM pursuant to RSA 91-A:3IIe in order to discuss the 2<sup>nd</sup> non numbered article, 2<sup>nd</sup> by Pat. A roll call was untaken, and all voted in favor, and the meeting proceeded into non public at 6:40 PM.

Respectfully submitted,

John Ciampi  
OSC Secretary
